Vacation in your own garden.

STAY™ outdoor furniture is made to let you dream away in your own garden all year round. Imagine yourself in a hideaway and make staying home feel like a vacation. STAY home, STAY relaxed, STAY happy.

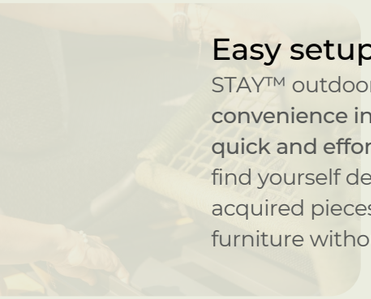

We want to bring the entire holiday experience to you. Not only is our furniture **comfortable**, it's also very **low in maintenance** and made from **durable materials** that maintain their **superior quality**, year after year. No need to stow away your furniture, all fabrics we use are dirt- and water-repellent and UV resistant.

Jump straight out of the pool into our furniture, each piece is made from fabrics which keep their vibrant color even when exposed to chlorinated or salt water.

Easy maintenance

STAY™ outdoor furniture doesn't need much maintenance. The fabrics are not only **water- but also dirt-repellent**. In case of a stain, you can use some water and mild soap to clean it.

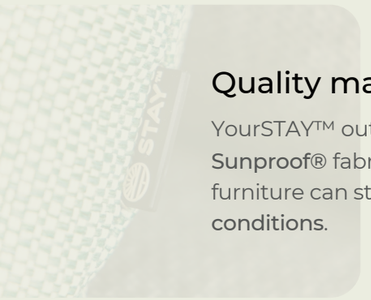

Easy setup

STAY™ outdoor furniture is designed with your **convenience in mind**, ensuring that the setup process is **quick and effortless**. In just a matter of minutes, you'll find yourself delighting in the comfort of your newly acquired pieces. So sit back, relax, and enjoy your new furniture without the hassle of long setup times.

Elegant, modern and timeless designs

Balanced, light andmodern.That'show to describe each design in our outdoor furniture collections. The unique frames of our products ensure maximum comfort without compromising on design. **A STAY™ product in your garden makes you feel like you're in a 5-star hotel.**

Quality materials

YourSTAY™ outdoor furniture is covered with the unique **Sunproof®** fabric. It is dirt- and water-repellent, so your furniture can stay outside all year round in **all weather conditions**.

Sunproof fabric

Sun-resistantor UV-resistant fabric, designed to provide protection against the harmful effects of ultraviolet (UV) radiation from the sun. Often available in various colors.

Water repellent fabric

Designedto resistthe penetration of water.

Quick dry foam

Quick dry foam is a typeof foam that does not retain water. The water runs directly through it, ventilates and is treated in such way that mold does not stand a chance.

Cushion fixation

Designedto preventcushions from sliding or moving around during use. It enhances comfort and stability and maintains the desired arrangement for a neat and comfortable seating experience.

Stainless steel

Its exceptional resistance to corrosion, staining and rusting, makes the product highly durable.

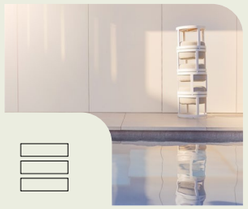

Adjustable

Our furniture allows customization based on personal preference, practicality and the intended use of the furniture piece.

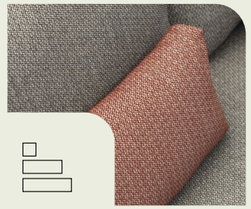

Natural teak

FSC-certifiedteakwood is sustainable sourced, long-lasting and designed to withstand harsh weather conditions.

Stackable

Adesign feature that enables them to be stacked on top of one another for compact storage or transport.

Various sizes

Differentsizesarepossible for certain products.

Velcro

Velcrocombines convenience, strength and versatility. Making it easy to attach cushions securely to our furniture.

Merge elements

The abilityto rearrange the elements to create the perfect setup.

Rope

It'sknown for its strength, durability, weather resistance and ability to provide a flexible yet sturdy surface for seating.

Ceramic

Ceramic furniture is popular because it is strong and heat-resistant.

cleaning guide

Don’t stress when someone makes a mess.

The STAY™ collection is designed for carefree outdoor living. With the right care and a few simple cleaning steps, your STAY products will stay fresh, comfortable and looking their best season after season.

Whether it is spilled drinks, sunscreen stains or everyday outdoor dirt, most marks can easily be removed.

With STAY™, relaxing always comes first.

Scan to view the
STAY ‘how to clean’ videos.

Sunproof® fabrics

For common stains

- Brush off loose dirt, then vacuum clean.
- Pre-clean with a neutral universal agent.
- Stain removal agents should only be worked in with a clean, damp and absorbent cloth.
- After each cleaning remove any residual cleaning agent, using spray extraction.

Spilled substance	Recommended cleaning solutions
Blood, animal excreta, baby food, chocolate, milk, egg, ice cream, vomit	Fresh stains: treat with an alkaline cleaning agent, rinse of immediately. Dried-in marks: treat with an enzyme agent, note reaction time, wipe off gently.
Cola, lemonade, honey, street dirt	Treat with a normal commercial oxidative bleaching agent.
Candle wax, chewing gum, face powder, fat, floor polish, glue, nail varnish, oil paint,	Treat with an agent containing solvent, using manual method as well (scrape off, beat lightly, vacuum clean when completely dry).
Ink, coloured pencil, chalk, flower stains, furniture polish, ketchup	Treat with dye-fixing agent, possibly treat afterward with an oxygen bleaching agent.
Beer, brandy, coffee, fruit juice, fruit stains, grass stain, jam, wine, mould stain, perfume, tea	Fresh stains: treat with weak solution of organic acid (slightly acidic cleaning agent), rinse off immediately. Dried-in marks: treat with a normal oxidative bleaching agent.

cleaning guide

Teak wood

For easy maintenance

- Brush off loose dirt with a stiff brush, follow the natural grain of the timber to avoid scratching the wood.
- Use clean water and a cloth to lightly moisten the wood.
- Wash down the surface, using a soft cloth and a teak cleaner or a homemade solution of vinegar and warm water (250ml vinegar to 4l of water).
- Allow the vinegar solution to penetrate into the teak for 15 minutes.
- Clean the timber with a sponge, following the grain of the wood.
- Rinse lightly from the bottom up with a hose.
- Allow the wood to air dry.

For common stains

- Clean the wood as above.
- If the stain isn’t lifting, try adding a dash of bleach to the cleaning fluid.
- For stubborn stains, you can lightly sand the affected area with a fine sandpaper.
